

Design Patterns

From HackerspaceWiki

A talk was given at the 24th Chaos Communication Congress (<http://events.ccc.de/congress/2007/>) (2007) on the topic of creating and running a hackerspace (<http://events.ccc.de/congress/2007/Fahrplan/events/2133.en.html>) and it was built on the framework of Design Patterns (http://en.wikipedia.org/wiki/Design_Patterns).

Since then the catalog of Hackerspace Design Patterns has grown.
